

La Catrina Summary

Capítulo 4

Demetrio informs Silvestre of his responsibilities concerning the will of La Catrina. Silvestre threatens Demetrio. Following their phone conversation, Jamie enters the library seeking information about her great grandmother. Rogelio, the library clerk, directs Jamie to Demetrio. In their meeting, Jamie gives Demetrio an envelope of information she has about her great grandmother, including a photograph of this famous "Catrina." Demetrio is hesitant to help because of Silvestre's threat, so he asks Jamie to return in a few days. Later that afternoon, Jamie and María run into Felipe at school and invite him to join them in a swim. Felipe declines since he doesn't have a bathing suit, but María assures him that he can buy one at the store. He claims he isn't an expert, but that he will join them. It turns out that María is quite a good swimmer, and so is Felipe. Felipe begins to show romantic interest in María, who invites Felipe to join them at a party that evening for the international students.
